PKM Spacer Cutting Machine

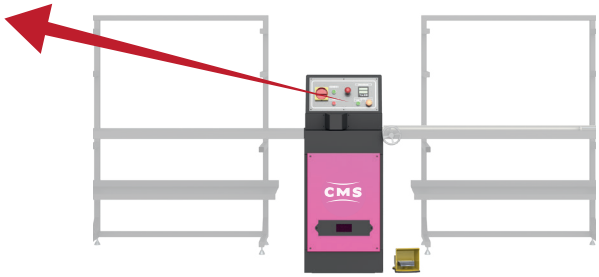
Key Features

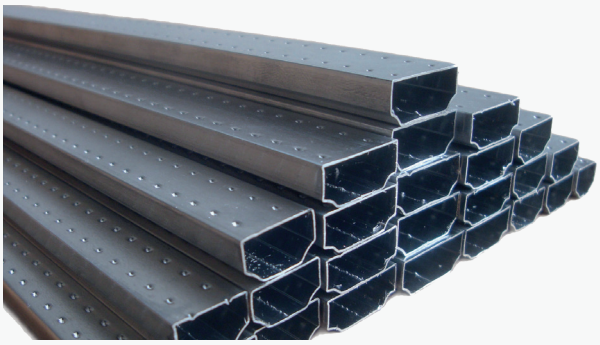
Spacer cutting machine, is designed for cutting aluminum spacers in desired dimensions to be used in insulated glass production.

Multiple Spacer Cutting **Foot Pedal** **Easy Operation**

Digital Measurement Indicator

You can track the size of the spacer to be cut from the digital measurement indicator.





Burr-free Spacer Cutting

We ensure you to achieve perfect results with a special circular saw for quality and burr-free spacer cutting.

Comfortable Cut with Spacer Fixing

We keep your spacers fixed with our pneumatic controlled system so that you can always cut your spaers with the same quality.
